Welcome to the Neighborhood!

Kwal Paint
Our passion. Your results.

Congratulations!

Your new home has been painted with Kwal Paint. For more than 60 years Kwal Paint has been supplying builders, professional painters and homeowners with quality paint and expert service. From touch-ups to complete transformations, Kwal Paint can help you with every phase of your new home.

Maintaining the beauty of your Kwal Paint finish

An exclusive selection of Kwal Paint has been formulated specifically for your new home. To ensure lasting beauty of your Kwal Paint finish, please refer to cleaning and maintenance tips below:

Cleaning

Both the flat and enamel painted surfaces of your home can be cleaned. We recommend cleaning these surfaces by adding a small amount of mild dishwashing liquid to a pail of warm water. Wipe the surface using a sponge dampened with the solution. Be careful not to rub the area too aggressively as this could damage the finish. After the area has been cleaned, pat the surface dry by using a clean white cotton towel or rag. For large areas of touch-up we recommend painting the entire wall (wall-to-wall, ceiling-to-floor) or trim surface (i.e. doors) to ensure color consistency.

Touch-Up

In your homeowner kit, you will find a quart each of the flat and enamel finishes that have been used to paint your home. Prior to touching up, make sure the surface to be painted is clean and free of all dirt, dust, grease, wax, oil or other contaminants. Select the quart of the appropriate finish and stir thoroughly. Apply paint sparingly to the touch-up area. Following the application, let the surface dry for a minimum of two hours before touching. Clean the brush and other tools with warm, soapy water. For large areas of touch-up, we recommend painting the entire wall (wall-to-wall, ceiling-to-floor) or trim surface, (i.e. doors) to ensure color consistency. For ease of application, use a roller (with the appropriate nap) to apply paint to large wall areas. If you need additional touch up paint or have questions, please visit your nearest Kwal Paint store.

Repaint

When it's time to repaint, remember Kwal Paint. Visit our experts at a Kwal Paint store near you and explore our full line of more than 1,600 ColorLife® options. Our knowledgeable team can provide you with the paint and supplies to get the job done right the first time.
